About the Alpine Range

Think your local builder won't have solutions for sloping blocks, think again!

Our Alpine Range delivers homes suited to any sort of fall with most providing a 2nd Kitchen and a drying room as standard; no other builder can offer that!

Of course split levels can vary so consult with your local IBN Member to work in with you for the perfect solution. The facade selection is quite large for each design so it is best to view our website to find the full range of facades that can fit.
